Game of Apps

ENTER APPLE'S STUDENT COMPETITION

Swift Student Challenge

$428 / returning students ($328 after district subsidy, limited quantities)

New this year, returning GoA students may join our Swift Student Challenge program where we prepare students to enter Apple's annual competition. You will build an iOS app incorporating some of Apple's latest technologies: SwiftUI, fetching server data, device capabilities such as motion sensors and multi-touch gestures, using the camera, and machine learning.

Past winners have won Apple-branded swag and a chance to attend WWDC--Apple's worldwide developers conference--to meet with Apple's executives. Join us for this exciting opportunity!

Sessions are online every Wednesdays from 5:00 pm to 6:30 pm.

For more information, visit gameofapps.org or scan the QR code.

Registration for early bird discount is Sep. 30th, 2023
Registration deadline is Oct. 16th, 2023
