"Learning Together... Achieving Our Dreams"

January 2023

## Mathematics 8/9 for the 2023-2024 School Year

Dear Parents/Guardians:

In order to apply for the above course, all students must write an entrance exam at Hugh McRoberts Secondary on **Tuesday, February 14<sup>th</sup> at 3:30 pm.** In preparation for the exam, students need to:

➤ Complete and turn in the form below. The form must be signed by the student's present Grade 7 Math Teacher recommending them for the course.

**Completed Forms must be handed in to McRoberts Office by Tuesday, February 7<sup>th</sup>**, well in advance of February 15<sup>th</sup> so that we know how many applicants to expect on the exam day. It is imperative that all applicants write the exam in order to meet eligibility requirements for the course. Following the exam date, the course will be deemed full.

➤ Bring a few pencils, but no calculator on the day of the exam. **Students can be picked up at 5 pm.**

Please note that no studying is required for the test. The class will be chosen from the results of the entrance exam as well as the teacher recommendations.

Thank you,

Mr. G. Chan (Mathematics Educational Facilitator)
