Make sure that you complete the form in full, including all three alternative electives (we don't want to have to guess what you might want to do). The order you list electives indicates your preference. We use this information to schedule your courses.

If you did Math 8/9 this year, cross out Math 9 and write either Math Foundation and Pre-Calc 10 or Math Foundation and Pre-Calc 10 Enriched.

For your 8th course you don't have to take a language and can take something else but remember that many post secondaries may require a language to G11. See the reverse side of this sheet for your elective options and review the Program Planning guide on the school's website for more detailed descriptions of each course.

One of your Fine Arts or Applied skill elective courses can be substituted with an additional language i.e. Japanese or Spanish. See the reverse side of this sheet for your elective options and review the Program Planning guide on the school's website for more detailed descriptions of each course.
