

Hugh McRoberts Secondary School School Scholarship Program

APPLICATION FOR NOMINATION MAJOR UNIVERSITY ENTRANCE SCHOLARSHIPS

Every year, post-secondary institutions will offer major entrance scholarships to new students. Some major entrance scholarship applications require a school nomination and limit the number of nominations for each school (i.e., Chancellor's Scholarship at Queen's University)

In order to determine our school's nominee for every major university entrance scholarship, a student must complete this application for any scholarship that requires a school nomination. Once all applications are received, the school committee will review and select individuals to nominate.

You must include the link to the scholarship that indicates the criteria that a student application must include a school nomination. This form is not intended for students who require a reference.
