

2021 Program Planning Instructions for Grade 11 Students

Under normal circumstances (pre- Covid 19) the Counselling Department would be meeting with grade groups and reviewing course selection information for the next school year with you. Given present restrictions we are unable to present information in that format. Instead, we have prepared online grade presentations to provide you with information that will help guide you through the course planning process.

Please read over carefully, and follow the steps provided to successfully complete your program planning for the next school year.

Step 1: Watch the **Program Planning Presentation for Current Grade 11s** available on the McRoberts Website:

<http://mcroberts.sd38.bc.ca>. >Students>Program Planning>Presentation for Current Grade 11s.
